Allowable Subject Matter

Claims 1-13 are allowed.

The following is an examiner's statement of reasons for allowance: the present invention is related to a method for providing a Hangul character input on devices having character input means such as keypads. The claims are allowed, because the prior arts of record do not teach the step including using a plurality of tables for storing the various specified sounds as recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
